Lyrics

There is a time for love and laughter
The days will pass like summer storms
The winter wind will follow after
But there is love and love is warm

There is a time for us to wander
When time is young and so are we
The woods are greener over yonder
The path is new the world is free

There is a time when leaves are falling
The woods are grey the paths are old
The snow will come when the geese are calling
You need a fire against the cold

So do your roaming in the springtime
You'll find love in the summer sun
The frost will come when the geese are calling
And you can sleep when the day is done

There is a Time
